

I would certainly like to compliment Tina and the team at Tina OHagan Associates for their recent work on the opening of our newest project, the luxurious Park Manor Nursing & EMI Home in Dunmurry. Although the group have 30 and 20 years in nursing homes and hotels respectively, Tina was a great asset in the project in terms of information, guidance, suggestions, project management and most importantly, delivering exactly what we needed when we did. I would highly recommend her to anyone else for any future projects.
