and Social Care Trust**

**20<sup>th</sup> November 2009**

**To whom it may concern**

**TINA O'HAGAN ASSOCIATES LTD supplied heavy duty catering equipment to both Tower Hill & St Luke's Hospital Kitchens in November 2008 and recently in August 2009. The value of both contracts was in excess of £43,880.00.**

**I found Tina to be both knowledgeable and professional in her approach in dealing with the high demands in the Hospital Catering environment. Tina dealt with all problems and queries promptly and professionally. This in turn has helped my catering department to function more efficiently and has subsequently saved operational costs and also has taken into consideration environmental issues.**

**I would certainly recommend Tina to any prospective client who is seeking expert and professional advice regarding Front of House or Catering Equipment.**
